

INSTRUCTIONS

1. Write your name on the line.
2. Color the white space in each square.
3. Cut on the outer solid lines and the slit where the money goes in (under your name). At this point you could glue the pattern to a stiff backing and re-cut the outside lines and slit. Allow time for glue to dry.
4. Fold on dotted lines.
5. Apply glue to tabs and form into a cube, with glued tabs *inside*. You may need some tape to hold the last tab in place. Let it dry. If you didn't add the stiff backing, you might want to reinforce the bank with some clear tape now.
6. Fill it up as God blesses you!
7. Bring it back to class when it's full or at the end of My Volcano Adventure.
8. Teacher: be sure to write "Chldrn 4 Senegal 996363" on the subject line of your check made out to Wycliffe Bible Translators.
